

ATKINS

SUMMER INTERNSHIP & YEAR PLACEMENTS

Atkins Design Studio

Atkins is an international award winning design practice of designers that is passionate about creating imaginative and memorable places. We plan, design and implement sustainable and inspirational solutions across a full spectrum of rural and urban sites in locations around the world.

Our philosophy seeks to create stimulating places that have a strong identity and respond to existing site characteristics. We deliver and assess proposals at all scales from major city projects to smaller scale urban interventions, taking schemes through planning to full implementation on the ground. We have a number of Design Hubs based in these operating areas:

- London
- Epsom
- Bristol
- Birmingham
- Warrington
- Leeds
- Glasgow

For more information please see our Landscape practice video at this link

The Opportunity

Atkins is an exciting and rewarding place to work to obtain a full comprehensive professional experience. We are looking for talented designers to join our various design studios who are able to support our creative and innovation objectives. These opportunities are flexible and range from short summer posts to year placements.

If you are interested in joining us, then please send a short CV with a few project examples of your work (low res PDF - no more than 5mb).
