

## Development Department – Work Placement

### Brief:

A student work placement for summer 2014, to be based in the Development Department at Ecotricity. The role will be primarily to work in the Consultants & Specialist Team in a Landscape Architecture capacity, but will include work with other disciplines as required.

### Role:

- To assist our Landscape team with the preparation of baseline information for LVIA for renewable energy projects, primarily wind energy.
- Identify and develop ideas for improvement to the process of gathering data for LVIA report writing.
- To provide general assistance to the department, working with planners, surveyors, and our Technical team as required.
- .

### Skills/experience

- In the process of obtaining a degree in Landscape Architecture or between undergraduate and post graduate studies.
- An enthusiasm for renewable energy technologies and how we can utilise them here at Ecotricity.
- A willingness to undertake fieldwork at potential renewable energy sites.
- Skills / experience in GIS would be preferred, although a candidate with no experience but a willingness/aptitude to learn the software, would be considered.
- An understanding/interest in the UK planning system.

### Deadlines for applications:

- Wed 11th June 2014 , with interviews later in June

### How to apply:

- Email a CV and covering letter to the HR Department at [jobs@ Ecotricity.co.uk](mailto:jobs@ecotricity.co.uk). For an informal chat please call Fiona Sharman on 01453 769335

### How long the placement would be for:

- To commence Summer 2014. The post would ideally be full time for three to four months

### Salary:

- Pro-rata £13-14k
