

Landscape Architect

The Environmental Dimension Partnership Ltd (EDP) was established in 2005 and is now recognised as one of the premium environmental planning consultancies in the development sector.

The business provides 'value-added' services and seeks to exceed expectations through a full appreciation of client objectives, practicing technical excellence, and working hard to deliver the best outcome. Our senior team has had involvement in some of the country's highest profile development projects; providing expertise across a range of areas including town, country and environmental planning, urban and landscape design, and in renewable energy schemes.

By assembling a team of the best seasoned professionals who share our ambition 'to be the most responsive, effective and sought after environmental practice in the UK' EDP is able to offer a personalised and proficient project management service. We adopt a solution-focussed approach to our work, always working to further the client's interests, and always willing to go the extra mile to deliver integrated, aspirational, defensible and sustainable developments.

There is an opportunity to join EDP's Landscape Team in our Cirencester or Cardiff offices due to a significant increase to the team's core workload which is largely related to Landscape and Visual Impact Assessment for medium to large scale development proposals. Our ideal person will be able to work independently as well as part of an established team on LVIA inputs. We are looking to further develop capability in respect of Landscape Design, Landscape Strategies, Management Plans, EIA and Project Management.

EDP offers a very generous benefits package which includes 30 days annual leave (excluding bank holidays), flexible working hours, a profit share bonus scheme, private health care and life assurance. In addition to the usual benefits, we also offer the opportunity to work with a great team of like-minded professionals in a friendly and supportive environment.

If you would like to know more about the position detailed above, please contact Charles Mylchreest on 01285 740427 for an informal chat, or if you would prefer, please write to Charles with a covering letter and your current CV with samples of both written and graphics work to christinah@edp-uk.co.uk.
