**37 hours per week**

**Grade E Salary: £19,817 to £21,734**

We are looking for an enthusiastic landscape architect to help with a major reinvestment in Cheltenham's town centre streets and spaces.

Cheltenham is a planned Regency town of tree-lined avenues and historic buildings. We aim to use contemporary public realm design to regenerate some of our neglected streets and spaces, bringing them up to the standard of the best.

The successful applicant will work in the multi-disciplinary Townscape Team, assisting the Council's Public Space Designer. Projects involve partnership with the highway authority and close working with business, the community and the Cheltenham Development Taskforce.

The ideal candidate will:

- be educated to degree level and on the path to membership of the Landscape Institute
- have an interest in designing streets and spaces
- be able to work with others to tight deadlines
- be able to communicate ideas graphically, verbally and in writing.

If you would like to have an informal chat about the post, please contact Howard Barber (Public Space Designer) on 01242 264101.
