

## FAIRHURSTS DESIGN GROUP ASSISTANT LANDSCAPE ARCHITECT

The Fairhursts Design Group is a large UK based Architectural, Landscape Design and Interior Design practice and is looking for a creative, self-motivated and enthusiastic designer to join the existing Landscape Team based in the regional south coast office. Our office is located in the attractive village of Minstead in the New Forest National Park between Bournemouth and Southampton.

We are looking for a candidate who will assist the Landscape Team and build a career within the practice.

You will have a post graduate qualification in Landscape Architecture with a strong flair for design and a sound knowledge of AutoCAD, along with strong graphic and presentation skills using SketchUp, Photoshop and InDesign. Familiarity with Revit is an advantage, but training will be given.

The work you will undertake involves all aspects of Landscape Design from feasibility through scheme and detailed design to implementation of external works, and where you will quickly gain real experience to consolidate your knowledge base and work towards the Pathway to Chartership.

In return we can offer a challenging and rewarding career and a good remuneration package. Your own transport is essential.

To apply, please contact the office to discuss the post in greater detail and send your CV and examples of work to:
