

CHELTENHAM is an exciting place to live, work and develop your professional abilities. With a vibrant community of students and young professionals, the town offers plenty to keep you entertained outside your working life.

Illman Young offers involvement in many varied and challenging projects around the UK, testing and developing your skills, whilst providing well rounded experience of working in practice, giving you an opportunity to step up your knowledge of the profession.

Working across a broad spectrum of landscape, we pride ourselves on our attention to detail, and our specialism in Sustainable Drainage Systems: aesthetically integrating SuDS into the built environment.

We are currently looking to recruit a Year Out student to join our team. A Year Out placement at Illman Young can provide the opportunity to contribute to many exciting projects, working as part of a team, developing designs into spectacular landscapes.

*“With a lively team and working environment, Illman Young offers expert, specialised knowledge to help build and challenge your skills through working on a variety of inspiring and stimulating projects”*

Bridgette, Current Year Out student
