 - Contribute to reviewing and writing of landscape reports
 - Proof read reports as required
 - Collate relevant planning information from various sources to be reviewed by Senior Landscape Architect.
- Learn Keyscape and be able to use it competently, quickly and accurately to:
 - Draw up planting plans
 - Create planting palettes
 - Label areas and items
 - Generate accurate well organised plant schedules.

Technical support: general

- Assist in the preparation of tender packages for landscape works for senior staff including:
 - Researching materials / suppliers / prices / manufacturer's specifications
 - Putting together a drawings package
- Assist with preparation of presentation style documents to accompany project bids, for example Expressions of Interest or Tender Proposals.

Design Work

- Undertake discrete design opportunities within larger landscape projects.

On site support

- Occasional visits to sites where the Practice is working.
- Carry out occasional levels and measured surveys, after appropriate training.

General Office support

- Assist in all aspects of printing and issuing drawings and reports.
- Assist in all aspects of the general running of the office when necessary – this requires competency using Microsoft Office programmes.

At Liz Lake Associates we recognise the fact that staff will bring different strengths with them and some students may arrive with an unusually high level of competency in a particular area. We welcome any additional skills and will endeavour to find opportunities where they can be employed.
