

JOB TITLE – GRADUATE LANDSCAPE ARCHITECT

TYPE – Full Time

LOCATION – Birmingham

JOB DESCRIPTION

Node is an innovative urban design; landscape and heritage practice with a team of consultants who believe that good design can add value. Our design ethos is to create and promote a strong sense of place in the work and projects we undertake. We are looking to expand the landscape capability in our Birmingham Office through the appointment of a graduate landscape architect who is capable of undertaking a range of landscape jobs for both public and private sector clients.

RESPONSIBILITIES

- To support senior and principal landscape architects on the design of both hard and soft landscape and urban design projects and bids for both public and private sector clients.
- To show a strong design ethos and flair for landscape design.
- To ensure high quality outputs for all landscape design and landscape visual assessments projects.

QUALITIES AND SKILLS REQUIRED

Essential

- A recognised landscape architect qualification
- Excellent IT skills and in particular competent in the following computer packages: Autocad, Photoshop, Illustrator, Indesign, Sketch Up and Microsoft Office
- Enthusiastic about landscape design and looking to promote new initiatives
- Excellent organizational skills
- Self motivated and able to take responsibility
- Excellent communication skills and able to build good relationships at all levels internally and externally
- Ability to hand draw layouts, prepare sketch perspectives and cross sections
- Demonstrates enthusiasm and passion for landscape design

- Demonstrates initiative, willingness to take on tasks, ability to learn new skills, adaptability and perseverance
- Displays clear and concise analytical and communication skills and produces well researched and structured written and graphic work
- Resilient and able to cope with conflicting demands to prioritise duties and work effectively under pressure while remaining calm and professional at all times
- Able to exercise independent professional judgment
- Achieves a consistently excellent standard of delivery
- Sets stretching targets and seeks to optimise personal performance
- Is prepared to move out of comfort zone
- Relates well to colleagues and commands their respect
- Commitment to business success including a willingness to network and promote the company's profile
- Enjoys work and has fun doing it

Desirable

- Experience of both LVIA and Landscape Design Work
- Demonstrating a specialism in sustainable design

This job description reflects the core activities of the role, but it is not intended to be all-inclusive and role profiles are subject to review and should not be regarded as definitive. They may be reasonably added to or altered at any time to reflect changing business requirements.

The post is based in Birmingham but will involve the need to travel. A clean driving license is desirable.
