Landscape & Heritage Consultant

Free Public Lecture
Wednesday 12. March 2014

18:45, Room TC001 (FCH Campus)
University of Gloucestershire, Cheltenham

INNOVATION FOR SUSTAINABLE LIVING

The Sustainable Landscape Series, sponsored by ARUP Landscape & LISW, is a free public lecture series exploring issues of sustainability, sustainable development and sustainable living. The series aims to explore various innovative approaches and themes connected with the creation of landscapes to enhance the health and wellbeing of both people and planet.
