

# Speakers: 5 minutes to change the world

---

## Monday 8th

### University of Gloucestershire - Miriam Webb

Miriam is the University's Sustainability Engagement Manager and has been recognised nationally as one of Edie's 30 under 30 rising sustainability leaders of 2020. She leads on student experience in sustainability across the curriculum and wider university life.

## Tuesday 9th

### Gloucester Cathedral - Anne Cranston

Anne's role as Head of Projects includes supporting the Cathedral to develop its strategy and business model to balance long term sustainability for people, planet and prosperity. With a track record stretching back over 1,000 years, her current work is focused on what lessons the Cathedral's history has for us today.

## Wednesday 10th

### Gloucestershire Green Business Circle - Kath Child

Kath is Sustainability Manager at Invivo Healthcare, as well as Founder and Director of Atelier Stroud – a community sustainability hub, maker and co-working space. In 2019 Kath set up Gloucestershire Green Circle to support businesses to share practical insights for sustainable business.

## Thursday 11th

### Eco Church - Rev Arthur Champion

Arthur is Environmental Adviser to Gloucester Diocese. He has also been a UK environmental adviser for a multinational business and led an environmental group near Cheltenham. He is now leading on Eco Church in the region – a scheme supporting churches to engage with all aspects of sustainability.

## Monday 15th

### Lives of Colour - Florence Nyasamo-Thomas

Florence works with business, education and government agencies to improve knowledge and understanding of diversity and inclusion. Her work supports people to thrive in a global climate by listening to and understanding people who are not like them.

## Tuesday 16th

### University of Gloucestershire Students Union - Gemma Mainwaring

Gemma is UoG Students' Union Welfare Officer and along with 3 other full time officers represents student views and helps bring transformative change to University practices including those around sustainability, equality and education.

## Wednesday 17th

### Gloucestershire Youth Climate Panel - Yolande Booyse

Yolande is a final year Ecology and Environmental Science student who is president of the Green Team society and working alongside the Gloucestershire Youth Climate panel to lead county wide sustainability change.

---

## Thursday 18th Panel discussion

Drawing on themes from the 5 minute presentations, join a 30 minute live and interactive discussion exploring how we can work individually and collaboratively on creating sustainability change in our region and our world.
